

Y-Fitting Loop End A

- Made to customers own specifications of wire leg lengths.
- Available in 1mm, 2mm & 3mm cable thicknesses.
- Suitable for DG1, DG2 & DG3 DobyGrip units.
- Height is adjusted using a DobyGrip as an additional extra to the kit.
- Re-attachment to service is effective when used with Carabina accessory.
- Minimum leg length (B) of 150mm (measurements inclusive of looped ends & ferrules).
- Please complete the customer requirement form overleaf for your customised fittings, alternatively contact the sales office on +44 1207 238844 for more information on premade standard held stock lengths.

Both kit types (A & B) include Loop ended wire rope with optional Carabina or Eve Bolt. If either are used please remember these will be additional lengths to your Y-Fittting dimensions:

Wire dia.	Carabina	Eyebolt		
		M6	M8	
1mm	40mm	72mm	87mm	
2mm	60mm	72mm	87mm	
3mm	100mm	72mm	87mm	

Both kit types are perfect for use with our Spring Clip also.

Allows for inspection access into services and further adjustment if required. For use with static loads only. 60° Max angle.

Y-Fitting Plain End

- Made to customers own specifications of wire leg lengths, but with non looped cable end for individual height application.
- Available in 1mm, 2mm & 3mm cable thicknesses.
- Suitable for DG1, DG2 & DG3 DobyGrip units.
- Height is adjusted using the included DobyGrip as part of the kit.
- Re-attachment to service is effective when used with carabina accessory.
- Minimum leg length (B) of 150mm to a maximum overall cable length of 10m (inclusive of looped ends & ferrules).
- Please complete the customer requirement form overleaf for your customised fittings. alternatively contact the sales office on +44 1207 238844 for more information on premade standard held stock lengths.

Allows for inspection access into services and further adjustment if required.

For use with static loads only. 60° Max angle.
